Northern Territory Branch at a Glance

EVENTS

- NT Branch combined ABA and IFAA Championship –
  2013, 24-30 March hosted by Dead Centre Bowhunters (running parallel with the ABA and
  IFAA National Championships)

CLUBS

- Dead Centre Bowhunters Club Inc – Alice Springs rural area.
- Freds Pass Field Archers Inc – Darwin rural area.
- The Wandering Archers Inc – Darwin rural area.

FUNDING SUPPORT

The Branch acknowledges the Northern Territory Government, through its Office of Sport and
Recreation, for funding to assist with branch development, including player attendance at
National and remote championships, and training of coaches and instructors ($23,250 in 2012 -
13).

DEVELOPMENT DIRECTIONS

A particular thrust for 2012-13 was to continue building depth in all clubs to ensure the ongoing
functioning of the Branch and to provide more advanced coaching for experienced members.

OFFICE HOLDERS 2012 - 2013

Controller John Scott
Field Representative Ross Geoghegan
Score Recorder Rob Mayfield
Secretary Shirley Preston
Treasurer John Childs
Branch Coach Jason Smith
Bowhunting Instructor John Scott
Risk Management Officer Geoff Bond
DCB ABA representative Stephen Ings
FPFA ABA representative Matt Kelly
TWA ABA representative Shirley Preston

3. Website: www.sites.google.com/site/abantbranch/
What a year we have had. The most obvious point to start would be the 2013 National Championships hosted by Dead Centre Bowhunters. The members of DCBH should be proud of what they achieved hosting this memorable event. I am sure that everyone that attended from both near and far will be talking about these championships for some time to come. To all the people involved I offer a hearty congratulations as well as personal thank you, from myself, for your efforts.

The large number members that participated represented this Branch extremely well, taking home numerous medals. While I don’t like to pick any individuals is should be noted that our juniors and in particular the Junior teams were excellent and the colour of GOLD was the dominant colour for these young people. Our sport has a good future when we sit back and look at the young people involved.

On a Branch level the hosting of our 2013 Territory Championships in conjunction with the National event was somewhat of a success if not a bit rushed on the presentation night. It was a pity that several medal winner did not stay to receive their medals. Also the Branch meeting that was set down to be held was poorly attended by our members. Perhaps we need to consider this if we are a position to do this again.

This year we were fortunate to receive additional Peak Body funding from the NT Government and this was a great assistance for our Branch. The Branch now has 2 full sets of 3D Targets (1 in the north/1 in the south) for clubs to use at a small cost. There is also a travel kit with bows, arrows and equipment for both ends of the Branch. From discussions I have had with the Office of Sport and Recreation, the same level of funding will be given again in the coming year.

At this Branch AGM there will be a new Branch Committee elected for the next term. Whilst some members will be standing again, a few of the old committee will not be as they move onto other projects. I wish them well in their new endeavors. I also want to thank all the outgoing committee members for their efforts representing the members of our Branch in the last year. Thank you and well done.

John Scott
NT Branch Controller
In June I travelled to Darwin to conduct a Field Archer Instructors Course and an Advanced Coaching Session at the Freds Pass range, which was well received with two adults and one junior attending the FAI course. Of note from this was that the participants have not been members of the ABA for the required period of time to become FAI’s and at this point you must be over 18 years.

Clubs wanting to have Level 1 coaching and FAI’s courses conducted should be aware that a member wanting to become a coach or FAI must meet the following prerequisites:

1. Be a member of the ABA for minimum of 2 consecutive. The candidate must be recommended for the position of FAI by the club executive to the branch coach.
2. Be an active member of an affiliated club for 2 consecutive years.
3. Have a Club / Branch Grading.
4. Be over the age of 18 years.
5. Have a working with children check with the state body involved (Ochre Card).
6. Must be a member in good standing.

I have contacted the NDC to seek approval for these people to be permitted to become FAI’s, with the same conditions and supervision requirement for the Junior as for a junior coach. At the time of this report I have not received a reply however hope to by the time of the AGM. This will be the only time I will request approval for people who have not met the prerequisites.

Advanced and beginner coaching was well patronized on the Sunday morning with 10 archers taking the opportunity to further their skills.

This past year has seen the purchase of a projector for use in the Branch coaching kit and this item has the function to operate without the need for a lap top. I am in the process of creating a Power Point for the FAI’s as some of the information on the current presentations is not required and is more suited to the Level 1 coaches’ course. This Power Point will follow the Welcome to Field Archery book, and course requirements will be in a power point format for ease of instruction.

Alice Springs now has two more Level 1 Coaches who have completed their training and will soon be fully certified Level 1 coaches. Please feel free to use their training as required to assist your skill level. Coaches are not only here to coach beginners. They all have the knowledge to assist archers of all levels.

Jason Smith
NT Branch Coach

On the Dead Centre Bowhunters deadly hill range, during the 2013 Nationals
2013 Branch Bowhunting Instructor’s Report

During the last year there were quite a few BPC processed from all clubs which was good to see.

For those that are not aware there is a new process for the production of BPC Cards. This will now be done by the ABA office as this will allow the VP Bowhunting Education to focus purely on the Bowhunting Education. It will also speed up the turnaround time for BPC’s to be returned to Branches.

I urge all members to attend a Bowhunting Education Course whether they intend to hunt or not as there is some very interesting information that may be useful to the people that attend.

John Scott
NT Bowhunting Instructor

2013 Branch Risk Management Officer’s Report

1. Established communications with each clubs respective Risk Management Officer, Mike Zimmermann (TWA), Cecily Sutton (DCB) and myself (FPFA) during the last 12 months.

2. Draft documentation was emailed to each club to modify for their own use or, they can develop their own documents or, keep using what they have.

3. The main requirement for the clubs is regular assessments and record keeping showing commitment in regards to Risk Management. Each club will need to decide what a “regular assessment” period is as activity levels for each club differ.

4. No reportable incidents from any club during the year.

5. Well done to DCBH during the Nationals from risk management point of view, I thought it was well planned. Very good communications between the range and shoot controllers. Swift responses to minor medical needs when required.

Geoff Bond
NT Risk Management Officer
2013 Branch Score Recorder’s Report

2012-13 has been an exciting year for archers in and from Branch A, the Northern Territory. The year started with an excellent branch titles competition in the Top End in July 2012 followed by the National Safari being held in Alice Springs in March 2013.

A total of seven (7) branch ABA grading shoots were held, down from nine (9) in 2011-12. This doesn’t include branch or national title gradings. Of these five (5) were held by Dead Centre Bowhunters (down by two), none by Freds Pass Field Archers (down by two) and one (1) by The Wandering Archers (down by one). A total of 81 gradings were submitted as a result, up from 63 in 2011-12. An additional 22 gradings were submitted from the branch titles from Freds Pass Field Archers in 2012.

A total of five (5) branch IFAA grading shoots were held, down from seven (7) in 2010-11. Of these three (3) by Dead Centre Bowhunters (down by two), none by Freds Pass Field Archers (no change) and two (2) by The Wandering Archers (down by one). 22 gradings were submitted as a result, down from 40 in 2011-12. An additional 11 gradings were submitted from the branch titles from The Wandering Archers in 2012.

In Branch A, currently 47 archers hold a grading in ABA (up from 27 in 2011-12) and 18 in IFAA (up from 16 in 2011-12).

The NT Titles for ABA and IFAA were hosted by Freds Pass Field Archers and The Wandering Archers respectively in July 2012. Both were well attended with some representatives of Dead Centre Bowhunters making the trip north to compete.

April 2013 saw a showing of 46 NT branch members attend and compete in the ABA National Safari hosted by Dead Centre Bowhunters in Alice Springs with an excellent turnout from our top-end clubs! Another 11 members also competed in the Dead Centre Bowhunters National IFAA titles, again with an excellent turnout from our top-end clubs!

Scores from Clubs have been received with plenty of time for any queries to be rectified before being forwarded to the National Score Recorder. A review of the national score recording process is underway with feedback on the current system being provided to the national body.

Rob Mayfield
NT Branch Score Recorder

Scenes from 2013 Nationals hosted by Dead Centre Bowhunters
2013 Field Representative’s Report

The 2012 hunting year was not too busy. Only five members of the branch submitted claims this year. However some quality game was taken. Overall pigs were by far the most numerous with 18 claimed by our hunters. The largest was 28 4/8 points. Then in descending quantity we have four rabbits, two camels and one buffalo.

So this resulted in the following awards;
Best of Species Pig 28 4/8 Rohan Walker. FPFA
Best of Species Camel 30 2/16 Rob Mayfield. DCBH
Best of Species Buffalo Andrew Gaff. DCBH
Most Rabbits 4 Rob Mayfield DCBH
Bowhunter of the Year Rohan Walker with 8 Trophy Class claims.
Bowhunting Club of the Year DCBH
Most Meritorious Land-borne Game Rob Mayfield Record Class Camel 30 2/16

This is my final report as the NT Branch Field Representative as I will be standing down at this election. I wish to thank the members of the Branch who have supported my efforts during the last 4 years and would encourage as many members as possible to do the BPC regardless of the inclination to hunt or not. It is an enjoyable course and the knowledge you gain may indeed help you in the future. I wish the incoming Field Representative all the best and hope that all the branch hunters support him by ensuring the claims they submit are timely and correctly filled out.

Ross Geoghegan
NT Branch Field Representative

Report from Dead Centre Bowhunters Inc

It has been a long 12 months for all at DCBH. We have organised and ran both the 2012 Masters Games & 2013 IFFA/ABA/3D nationals. From all reports both events were well received & reasonably glitch free. A great deal of infrastructure has been put in with a great core group of people spending a lot of hours & risking divorce to see it through.

We have recently had the club’s AGM & it was good to see some new faces putting their hand up for committee positions.

The club is now in one of its best positions both financial and membership wise and is looking forward to another great year with a lot more projects & shoots in store.

Hopefully we will be able to increase membership and get more people involved in traveling to state and national events.

Participation in competitions
4 members competed in the National Championships at the Dead Centre Bowhunters in March 2013, and various medals and champion patches were earned. It was great fun, with the Dead Centre Bowhunters being wonderful hosts, and the facilities being excellent.

5 members participated in the 2013 IFAA World Indoor Mail Match, and 4 competed in the ABA Fuel Saver Eco Shoot shared by TWA and FPFA in August 2012.

One of the TWA members, Joy Wood, was part of the Australian Team travelling to Miramar (Argentina) to compete for 5 days in the 2012 World Field Archery Championships (WFAC) of the International Field Archery Association (IFAA) in October 2012. She achieved the Veterans Women’s Longbow World Champion. She also was part of the Australian team at the IFAA Pacific Regional Field Archery Championships in New Zealand in April 2013, when she won a gold again in that division.

Community Participation
13 club members helped out at the ABA - NT Branch archery display at the Royal Darwin Show. We raised $751 for our club, and 1206 people tried the shooting range.

The club held a 2013 Australia Day Sports Carnival, with the Australia Day medals going to Adults – Ian Brown and Juniors – Matthew Holohan.

Club Activities
The TWA 2012/13 shoot calendar has been done in conjunction with Freds Pass Field Archers. There are fortnightly shoots at TWA, on the off week of FPFA shoots. The Clubs have been sharing the hosting of grading shoots. When there is a beginner’s class, there are weekly shoots at TWA. Two Beginners Courses have been held over the past 12 months.
In July 2012, club members benefited by the visit of coaches Lynne and Peter Fairhall, who gave a weekend Advanced Coaching Clinic. And just this last weekend (July 2013), NT Branch Coach Jason Smith held a coaching day which 5 of our club members attended, and one club member (Ian Brown) attended the Archery Instructor’s Course run by Jason.

Our 2012 IFAA Club Championships were held on 18th Nov. Junior Club Champion was Isaac Belford, and Adult Club Champion was Ian Brown. Our ABA Club Championships were held on the 2nd Dec. Junior Champion was Matthew Holohan and Adult Club Champion was Shirley Preston.

The club’s ride on mower needed replacing, and we applied for an NT Government Community Benefits Grant. Although we did not get the amount we were asking for, we did receive $1500 towards a new mower, which was purchased, and we also received a $1,100 grant from the ABA-NT Branch to go towards the mower purchase. We thank these 2 bodies for their financial support.

President                Matt Kelly
Secretary               Peter Bergin
Treasurer            Helen Weribone
RMO                       Geoff Bond
Rangemaster          Sean Grover
Assistant                 Brett Gill
Man Of All Seasons     John Scott

The club has had a very exciting and successful year, both on the range and in the bush. Club membership has increased with 41 ABA registered members as at 31st of May. We've had over 30 archers on the range at times. And many thanks to the crew that sets up the courses and does the sometimes thankless task of collecting targets afterwards.

Thanks also to those who help with our BBQs, working bees and the host of other jobs to keep us in smooth running order.

FPFA had its best ever results at this year's Safari. My sincere congratulations go to all of our competitors. For those who did not get a placing there was the consolation of many personal bests. Special mention is due to our successful competitors several of whom scored more than one Gold.

Gold:  Ellie Grover, Rhegan Bond, Cameron Harris, Leanne Bull, John Scott.
Silver: John Scott, Leanne Bull.
Bronze: Jesse Grover, John Scott.
Gold:  Junior 3D Team, Jesse Grover, Cameron Harris, Rhegan Bond, (Matthew Holohan, TWA.) (I hope I haven't missed anyone).

Jason Smith, the NT Coach, completed what is reported to be a very successful coaching course with both FPFA and TWA last weekend.

Finally, I wish all of you the very best in your archery endeavours.

Matt Kelly
FPFA ABA representative
2013 Branch Treasurer’s Report

Our budget for the financial year just finished was originally based on our application for the peak body grant from the Northern Territory Government being the same as the previous year: $15,000 ($16,500 including GST). *NOTE that all figures in the audit report are excluding GST.*

However after the election that amount was increased to $23,250.

This gave your committee the opportunity to upgrade the equipment held by the branch, and for the first time to assist clubs with funding for developing their facilities.

We also received around $2,480 from other sources. We finished the year with a decrease in the bank balances of $330. Our finances have been audited by Sue Lee and Associates; the audit statement is attached.

Main areas of expenditure remained as per previous years:

- supporting clubs to conduct promotional activities (eg, show events & come-try days);
- supporting members to attend “away” events in the Territory and Nationally;
- supporting training for coaches, bowhunting instructors, measurers etc; including expert coaching from interstate archers;
- supporting committee members to travel to the ABA national AGM;
- buying 3D targets, initially for use in the 2013 national safari in Alice Springs, but also for use in Territory and club events (including a trailer to store and transport the set which is held in Darwin);
- assistance to clubs with their development expenses.
- Plus helping clubs to host the NT titles by supplying target sets.

Indications from the government department are that the peak body grant for 2013-14 will remain about the same as this year, so your committee will have a great opportunity to invest this to advance the great sport of archery in the Northern Territory, and will no doubt be seeking ideas from members: don’t be backward in coming forward if you have any ideas!

John Childs
NT Branch Treasurer

Royal Darwin Show NT Branch Archery Display and Come ‘n Try
INDEPENDENT AUDIT REPORT TO THE MEMBERS OF
Australian BowHunters Association Incorporated
(NT Branch)
for the year ended 31st May 2013

Scope
I have audited the attached special purpose financial report of the Australian BowHunters Association Incorporated (NT Branch) for the year ended 31 May 2013. The Association’s committee is responsible for the information contained in the financial report and has determined that the accounting policies used are consistent with the financial reporting requirements of the entity’s constitution and are appropriate to meet the needs of the members. I have conducted an independent audit of the financial report in order to express an opinion to the members of Australian BowHunters Association Incorporated (NT Branch) on its preparation and presentation. No opinion is expressed as to whether the accounting policies used are appropriate to the needs of the members.

The financial report has been prepared for distribution to the members for the purpose of fulfilling the Association’s financial reporting requirements under its constitution. I disclaim any assumption of responsibility for any reliance on this report or on the financial report to which it relates, to any person other than the members, or for any purpose other than that for which it was prepared.

My audit has been conducted in accordance with Australian Auditing Standards. My procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report, and the evaluation of accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial report is presented fairly in accordance with the basis of accounting described in Note 1 to the financial report. These do not require the application of all Accounting Standards.

The audit opinion expressed in this report has been formed on the above basis.

Audit Opinion
In my opinion the financial report presents fairly in accordance with the accounting policies described in Note 1 to the Financial report, the financial position of the Australian BowHunters Association Incorporated (NT Branch) at 31 May 2013 and the results of its operations for the year then ended.

SUSANNE LEE, CPA

AUSTRALIAN BOWHUNTERS ASSOCIATION
NORTHERN TERRITORY BRANCH A

STRATEGIC PLAN 2014 – 2017

A strategic planning workshop is scheduled for November 2013. An experienced facilitator will guide the branch in developing a strategic plan and an operational plan for 2014-2017. After the strategic direction and activities are decided, a 2014 budget will be developed.

STRATEGIC PLAN 2010 - 2013

INTRODUCTION

This strategic plan is for the Australian Bowhunters Association Northern Territory Branch.

The aim of the plan is to allow the Association to operate on a financial basis and provide administration and logistical support to the members of the Branch. The timeframe is valid for 3 years.

The plan will provide members within the Branch a framework and will perform the following key functions, including:

- Signalling to all stakeholders the future plans of the Association;
- Identifying those areas which need particular attention during the planning period to help ensure continued success;
- Guiding management and operational planning activities including priority setting, resource allocation, performance monitoring processes; and
- Setting goals and targets against which Associations can report to their members and other stakeholders.

OUR FUTURE

Vision:

To provide continued Administration and Logistical support for members of the Australian Bowhunters Association NT Branch A and to promote the status of competitive archery and bowhunting and establish programs emphasising high standards of sportsmanship, friendship, cooperation and the ethics directed to the coaching of the members in competitive archery and bowhunting skill with the bow and arrow.

Mission:

It is the Aim of the Australian Bowhunters Association Northern Territory Branch A to promote all aspects of the sport of Archery (recognized by the Australian Bowhunters Association Inc.) within the Northern Territory.

Values:

The Australian Bowhunters Association Northern Territory Branch A is committed to the provision of safe social and competitive opportunities for all members. It aims to provide all
members with fair competition and access to high standard Association facilities and programs.

**Programs:**

- Coaching of all members
- Training of Club Level 1 coaches
- Training of Club Field Archery Instructors and Club officials

**Strategic Intentions:**

- **Participation**
  - To offer well organised social and competitive opportunities for all members from juniors to senior players.
  - Introduce interested members to the ethical hunting side of the sport.
- **Membership**
  - To retain current membership and increase total membership annually.
- **Quality Business Management**
  - To manage the Association, including managing the risks of conducting Association activities, in a competent and accountable manner by providing member protection and risk management officers.
- **Maintain Financial Viability**
  - To competently, transparently and accountably manage the Association’s finances including seeking further opportunities for sponsorship, fundraising and grants and ensuring the long-term financial viability of the Association.
- **People Management**
  - To effectively recruit, train, retain and recognise Association committee members and other Association volunteers.
- **Facility Management**
  - To effectively manage, maintain and upgrade Association facilities.
- **Marketing/Promotion**
  - To create a positive awareness in the local community of the Association’s activities through marketing, promotion and publicity initiatives.
